TEDDY BEARS

— *How lucky we are to have such friendships!*

Friendships are like an anchor in a world that seems to be turning faster and faster; in our turbulent, everyday lives; in these eventful times that require strength and mindfulness. Friendships that give us not only a feeling of closeness, security and love but also encouragement and comfort. They allow us to experience pleasurable moments even more intensively – and give us comfort and consolation in sad moments. And where friendships between people change over the years and decades or even come to an end, there is a special kind of friendship that lasts for-ever: the friendship with one's own beloved Teddy bear that proudly bears the traces of this loving relationship on his fur. This friendship usually begins in the early years because the first Steiff Teddy bear never leaves a child's side and is always there to play with and have fun. The great and small adventures of everyday life are twice as much fun with him.

He always has a shoulder to cry on when a child has heartaches and sorrows – and he is there to cuddle, snuggle, and nap with anytime. We as adults share happy, sad, as well as contemplative moments with him in equal measure. He is both a source of happiness and quiet encouragement at the same time. You will not find real friends on every corner – but here in this catalog, you will find friends for life. Real friendship is one of the nicest things there is for a Steiff Teddy bear. And he gives this feeling back to his little owner every single day – even when the child has grown up into an adult. In short: A child would not want to be without this furry companion. Not to mention a "big kid".

PETS AND FARM ANIMALS

— *Bring some life into your life. And a whole lot of happiness.*

Horse, dog, cat, rabbit. Interacting with animals enriches our lives and makes them more colourful too. And although a real pet brings an abundant amount of happiness, it is also a lot of work. That is why the pets and farm animals by Steiff are very easy-care companions that are happy and content with a little attention; a cosy, warm spot at home; and a large dose of affection. And the best thing: at first glance, you can hardly tell the difference between them and their role models in real life. Whether large or small, the pets and farm animals by Steiff are just as exciting and cuddly as a real animal. Yet they are much more patient and

forgiving when little hands stroke their fur and cuddle them with childlike enthusiasm. Which of the lovingly and realistically created Steiff pets will win over your heart? A fluffy kitten or a budgie with a strong character?

Or perhaps one of the charming farm animals such as the Steiff rabbits, dwarf rabbits, lambs, mice, chicks or cow? And if you and your little family members have always wanted to go canine crazy: You will certainly find your favorite family dog among the enchanting four-legged friends by Steiff. And your Steiff dog has another advantage, he doesn't need quite as much exercise as the real thing. There is only one absolute necessity: lots of affection. All of Steiff animals are in agreement on that.

Steiff animals in fascinatingly realistic quality and optical perfection. Experience your own personal safari with rare birds, bears, meerkats, giraffes and lions. RIDING ANIMALS

— *I wish for an animal to ride on!*

The familiar children's nursery rhyme "Giddy up Horsey...", still makes children giggle with glee today just as it has in days gone by. Experiencing the world from a whole different perspective on the back of an animal has always had a special kind of magic. Therefore, the riding horse has long been one of the most beloved items on

children's Christmas lists. We at Steiff have provided a few companions for the classic riding horse: elephant, pony, bear, and polar bear. All of them have an improved design and especially high-quality woven fur. And so that our smallest riding enthusiasts can mount up and go on adventures comfortably and safely on the backs of their favourite animals, the rockers of the Steiff riding animals are made of solid beech and the inner frame is handmade of stainless steel that can hold up to 300 pounds. You can see: best quality and at good prices.

STUDIO ANIMALS

— *Characters that love being in the spotlight.*

They are accustomed to attracting attention, being in the spotlight and being

photographed: the largest of all the Steiff animals – the studio animals. As both sought-after as well as beloved models of great proportion, they know what is important: an impressive, absolute realistic stature, a charming character and great charisma.

Whether it is the wild lion, imposing elephant or a giraffe that stretches its neck over 6 feet high in curiosity: the high-quality, hand-stuffed giants are always decorative highlights at events, parties or in commercial and private premises. They attract people's attention with lots of enthusiasm. Guaranteed.

BOOK AND FILM HEROES

— *These real stars will conquer your heart.*

There is almost as much excitement and enthusiasm as there is in Hollywood! Here are the real stars, the famous heroes from books and films as new friends and companions that you can touch, love and cuddle – from stories that could be straight out of a film script.

The Steiff Book and Film Heroes are big stars for children and young-at-heart adults, and each adventure and sequel to the books and films will be much anticipated. Children, who are the biggest fans, will demand to hear the stories time and time again. But adults are equally enchanted by the charm of the old as well as new heroes from books and films. Steiff is happy to be rolling out the red carpet for so many book and film heroes so that these favourites will find their way into the homes of their loyal fans.

— *Jemima Puddleduck Alpaca*

In the stories about **Jemima Puddleduck**, the lovable duck clearly reflects Beatrix Potter's love of her homeland, the Farm Hill Top, and life in the country. Real places and animals often appear in her stories. Besides characters like the farmer, Mrs. Cannon, her children and the watch dog, Kep, she brings the charming little duck, Jemima Puddleduck, to life as the main character in this story. Jemima takes great pride in her appearance and therefore always wears her elegant blue bonnet and a colourful shawl. Her likeness made of high-quality alpaca is worthy of an elegant lady and is an eye catcher not only for fans of Beatrix Potter stories.

He is absolutely enchanting! Little Benjamin Bunny, based on Beatrix Potter's own pet rabbit, is smartly dressed. In his paw he is holding an onion as a gift for his aunt, Old Mrs Rabbit – who can resist this delightful bunny with the "Button in Ear"?

— Mecki made since 1951

MECKI the hedgehog can look back on a long and proud career. Created by Ferdinand Diehl as a cartoon character in 1940, he made his first great breakthrough as the editorial symbol of the German television magazine "HÖRZU" in the Fifties and soon became known in his own right. MECKI stepped on to the stage of the Steiff world as early as 1951. MECKI fans formed MECKI clubs, books were published and finally he had his own series on television. Only a real star can boast a career of this kind. But despite all this star hype, MECKI has not changed a bit and is still as lovable as ever. He is still wearing his famous patched trousers held up with string for lack of a belt. After all, it is the inner values that count! And MECKI is a hedgehog who is always infectiously good-humored and spreads happiness and joy in life – as do his wife MICKI and children MACKI and MUCKI.

FLOPPIES

— *Little friends. Big fun.*

Steiff's floppies are clearly on the sunny side of life – a happy group of animals that create a magical smile on the faces of their little owners with their incredibly friendly natures and nice faces.

The happy, cuddly animal friends such as pony, rabbit, lamb, bear, dog or pig are always there with lots of positive energy and a cheerful smile whenever little Steiff friends (or big ones) need encouragement, motivation or even comfort. How nice it is to have such friends that you can always rely on!

BABY

— *Welcome to life, little one!*

Everything is so exciting for a new little Earthling: The world is so big and every day is full of overwhelming impressions. Thank goodness that Mommy and Daddy are always there to lend a helping hand and to protect them on such great adven-

tures. And it is even nicer when babies are welcomed to life right from the start by a real Little Friend by Steiff who can help them to learn about and understand the big, wide world. Someone who is always there to snuggle, protect, comfort and nap with. And someone who can help the little ones playfully discover their senses of taste, hearing and sight. The baby items by Steiff for the little ones from birth to 18 months can train their senses in the cuddliest ways with materials that are perfectly suited because they are especially soft and gentle to baby skin. And Mommy and Daddy are also happy that they are certified by Oeko-Tex and tested by LGA. After all, parents want only the best for their baby. So do we.
