# Forest and meadow animals

*You will be glad to give these nature lovers a new home!*

They bound joyfully over hill and dale. Dash across meadows. Rustle through the forest leaves. Or sit in the treetops cheekily and curiously. They keep a watchful eye out for little Steiff fans who might give them a new home. And even if the little ones have never seen these real-life animals playing and romping outside while out for a stroll: the Steiff forest and meadow animals look amazingly similar to the living originals so that children can get a good first impression of these charming animals that are at home here in our region. Yet one thing

is clearly different about the lovable Steiff animals and their real-life role models: with their incomparably fluffy fur or feathers made of soft woven fur they are much cuddlier and softer than the real-life species. And they are also much tamer and more affectionate. Thus, it is simple to strike up a friendship with a bear, fox, owl, squirrel and mole. It has never been easier or more pleasant to stroke and hug a hedgehog or a wild boar!

# Wild animals

*Now the wide, wild world of animals is coming to your home.*

They are wild. They are fascinatingly elegant – and only few animal enthusiasts are lucky enough to experience these breathtakingly beautiful, exotic wild animals from all over the world in their natural habitats. And what makes these creatures even more fascinating for animal lovers is the sense of the unattainable. We have succeeded in taming many of these wonderful exotic animals from the various continents and bringing them home to big and small animal lovers as adorable Steiff animals in fascinatingly realistic quality and optical perfection. Experience your own personal safari with rare rhinoceroses,

giraffes and lions. Sense the fascination of distant lands eye-to-eye with turtle, chimpanzee and elephant. Or experience your own wild jungle adventures in the playroom with your little ones – and enjoy the look of wide-eyed wonder and excitement on your child's face. And everyone is welcome to get as close as they like to these magnificent creatures. In contrast to the real animals in the wild, you can cuddle the wild animals by Steiff without any danger and stroke their beautiful fur as long as you like. It is a promise! These are just a few of the advantages that Steiff animals have over the originals in the wild.

# Arctic and marine animals

*Here come the heroes from the frozen wilderness and the oceans.*

Penguins, polar bears and seals are normally at home in the distant regions of the Arctic: ice and freezing, cold temperatures are their daily companions. The Steiff Arctic animals are looking forward to a trip to a warmer climate and are happy to find a new home with

Steiff friends both big and small. The fascinating dolphins will also gladly trade their usual surroundings in the depths of the oceans and come up to peer at their new friends and owners.

# Fantasy animals

*Straight from the imagination and into your heart!*

You will find them in books, in dreams, in films, and in fantasies. Until now, they existed only in the mind and imagination. But now Steiff has brought them to life – a mythical dragon and two unicorns, unique species making their debut this year. It's difficult to imagine a less ferocious dragon. He's soft and cuddly and ready to be friends – even with knights and damsels! And our unicorns, one dangling and

one standing, are ready to bring a bit of whimsy to playtime or your collection. Plus, unicorns have a special significance for our company – the unicorn is the official symbol of the city Giengen, the home of Steiff! Regardless of which character you choose, we guarantee you'll have more fun than you can imagine!

# Heat cushions

*Warmth does good!*

"Caution – use!" The frog hops off the shelf and the cherry stones in his tummy can be warmed quickly in the kitchen. Frog's little friend goes off to bed, but she is crying – "my dear little friend, what is the matter?" "Oh Frog, my tummy aches" "Then let me help your aches and pains go away". He smiles at her, slips under the blanket and lies down on her aching tummy. She feels the wonderful warmth on

her tummy. A little smile: "Mummy, my frog is magic!" "Of course I am," the frog thinks, and both the little girl and her frog friend sleep happily: warmth and cuddling are among the nicest experiences in To make sure they are always fresh for cuddles, they can enjoy a bath in the washing machine if the cherry stone pillow is removed.

The heat cushions are only available in Germany, Austria, Switzerland, Luxembourg, Belgium, France, Monaco, Holland, USA, UK, Ireland, Australia, South Africa, Taiwan, China, Singapore and Hong Kong.

# Welcome to my world!

*Let me introduce myself: I am TABALUGA.*

A long time ago I hatched from a dragon's egg in the fictional province of Greenland and I am about 7 dragon-years old (700 human years, as one year for a dragon is 100 for a human). My Father, the great Tyrion, died when I was six, following his death, I became the last of the dragons and styled the crown-prince of Greenland, a place inhabited by talking animals of many different species. But I have many other daddies too, or rather creators: Peter Maffay, Gregor Rottschalk and Rolf Zuckowski, a musician, an author and a song writer, how lucky am I? And then we have – Helme Heine – who has drawn me as I look today. My task - to defend my home from two rival kingdoms

on either side of Greenland; a frigid arctic tundra, ruled by the evil snowman Arktos and a searing desert, ruled by an evil sand-spirit named Humsin. And in performing my task so my adventures become many. Gifted with Luck and Love I fall in love with Lilli and gift my luck to many. But this was not my last adventure!

Yours

# Steiff organic cotton

*Eco-quality of the highest level.*

The Steiff Bio-Baby series is made of pure organic cotton from controlled organic cultivation. Our organic cotton, woven in our own weaving mill Steiff Schulte in Duisburg, is certified according to GOTS (Global Organic Textile Standard) and complies with IVN guidelines (Internationaler Verband der Naturtextilien [International Association of the Natural Textile Industry]). This allows us to achieve incomparable

product quality, which stands for all-round unspoilt nature: ecological cultivation without pesticides, no application of optical brighteners, colouring without allergenic components as well as fair working conditions for all those involved. Feeling, touching, smelling and tasting – that's how our little ones discover their big world. And are now joined by their Steiff friends made of purely organic materials.

# The first year

*With ideas from Steiff.*

Hello little one, welcome... to your new life! It will be exciting – and we baby toy animals want to be your friends! You can watch us on the pushchair – every day. If you give us a push, we sway a little. You know us and you can sense: I like them. You smile, you laugh and soon you learn to grip. Aha! You notice: "I can move things!" Great

if it also crackles and rattles... If you need comforting then we toy animals snuggle up with you – just like Mummy and Daddy. With a warm Steiff Baby cherry stone pillow on your tummy too, the world is soon a better place.

The heat cushions are only available in Germany, Austria, Switzerland, Luxembourg, Belgium, France, Monaco, Holland, USA, UK, Ireland, Australia, South Africa, Taiwan, China, Singapore and Hong Kong.
